Office of Student Rights & Responsibility

Permission to check judicial and academic integrity records

Because the field of athletic training is a health care field, and athletic training majors adhere to the program’s Code of Ethics and Code of Conduct; all students must be vetted by the ECU Office of Student Rights and Responsibilities to ensure they are adhering to the University conduct codes.

My signature below gives the Office of Student Rights and Responsibilities (OSRR) permission to disclose to the Athletic Training Education Program my judicial and academic integrity records, as well as any violations of the Student Code of Conduct.

Print name: ________________________________

Signature: ________________________________

Banner ID: ____________________ Date: __________

This signature is good for one year
