Curriculum Committee Meeting
February 20, 2020
Greenville Center
1:30 – 2:30

Members Present: Drs. Bright, Marson, Soulen
Others: Rex Rose, University Program Specialist

The committee met to begin the process in Curriculog of changing LIBS 6828 from 2 s.h. to 3 s.h. This change required a Curriculog program revision form and a summary of request form. There was discussion of including an updated syllabus and obtaining approval from the MLS and IDP faculty.

Committee members also discussed the topic of the lead instructors for all MLS courses. We think it would be valuable to have faculty input. Dr. Soulen will create a simple spreadsheet with our courses and place in Teams. This spreadsheet will also include the name of each faculty member. On it, each of us will identify the courses we could lead (L) and those we could teach, but not lead (T).

The meeting concluded at approximately 2:30.

Respectfully submitted,
Dr. Barbara Marson, Chair
